Building & Industrial Systems

UTC Building & Industrial Systems is the world's largest provider of building technologies. Our elevator, escalator, fire safety, security, building automation, heating, ventilation, air conditioning and refrigeration systems and services promote integrated, high-performance buildings that are safer, smarter and sustainable.

Now more than ever, the brands of UTC Building & Industrial Systems are thinking, innovating, growing and building as one entity. Together, we're combining our extensive portfolio of products and services to deliver solutions that make the world a better place to live – one intelligent building at a time.

Otis Elevator Company is the world's largest manufacturer and maintainer of people-moving products, including elevators, escalators and moving walkways.
