

Avoid unexpected support and replacement costs by choosing one of Onity's warranty plans.

Onity offers customers three different extended warranty plans, providing trusted and reliable support. Customers that purchase one of these plans may experience substantial savings when their locks or front desk system need repair or replacement, and all repairs are done in-house by a professional Onity technician.

Any time is a good time to add coverage to your property's locks and encoders.

### Bronze Plan

The Bronze Plan includes repair or replacement of Onity lock sets and perimeter access material in the event of operating failure.

### Gold Plan

The Gold Plan includes repair or replacement of the Onity front desk equipment.

### Platinum Plan

The Platinum Plan includes the features of the Gold plan, plus repair or replacement of locksets, encoders, access door equipment, computers, and much more.

Below is a basic overview of typical costs you may encounter for repair/replacement of items at your property.

Description	Estimated Cost Without Extended Plan	Covered Under Extended Plan?		
		Bronze	Gold	Platinum
